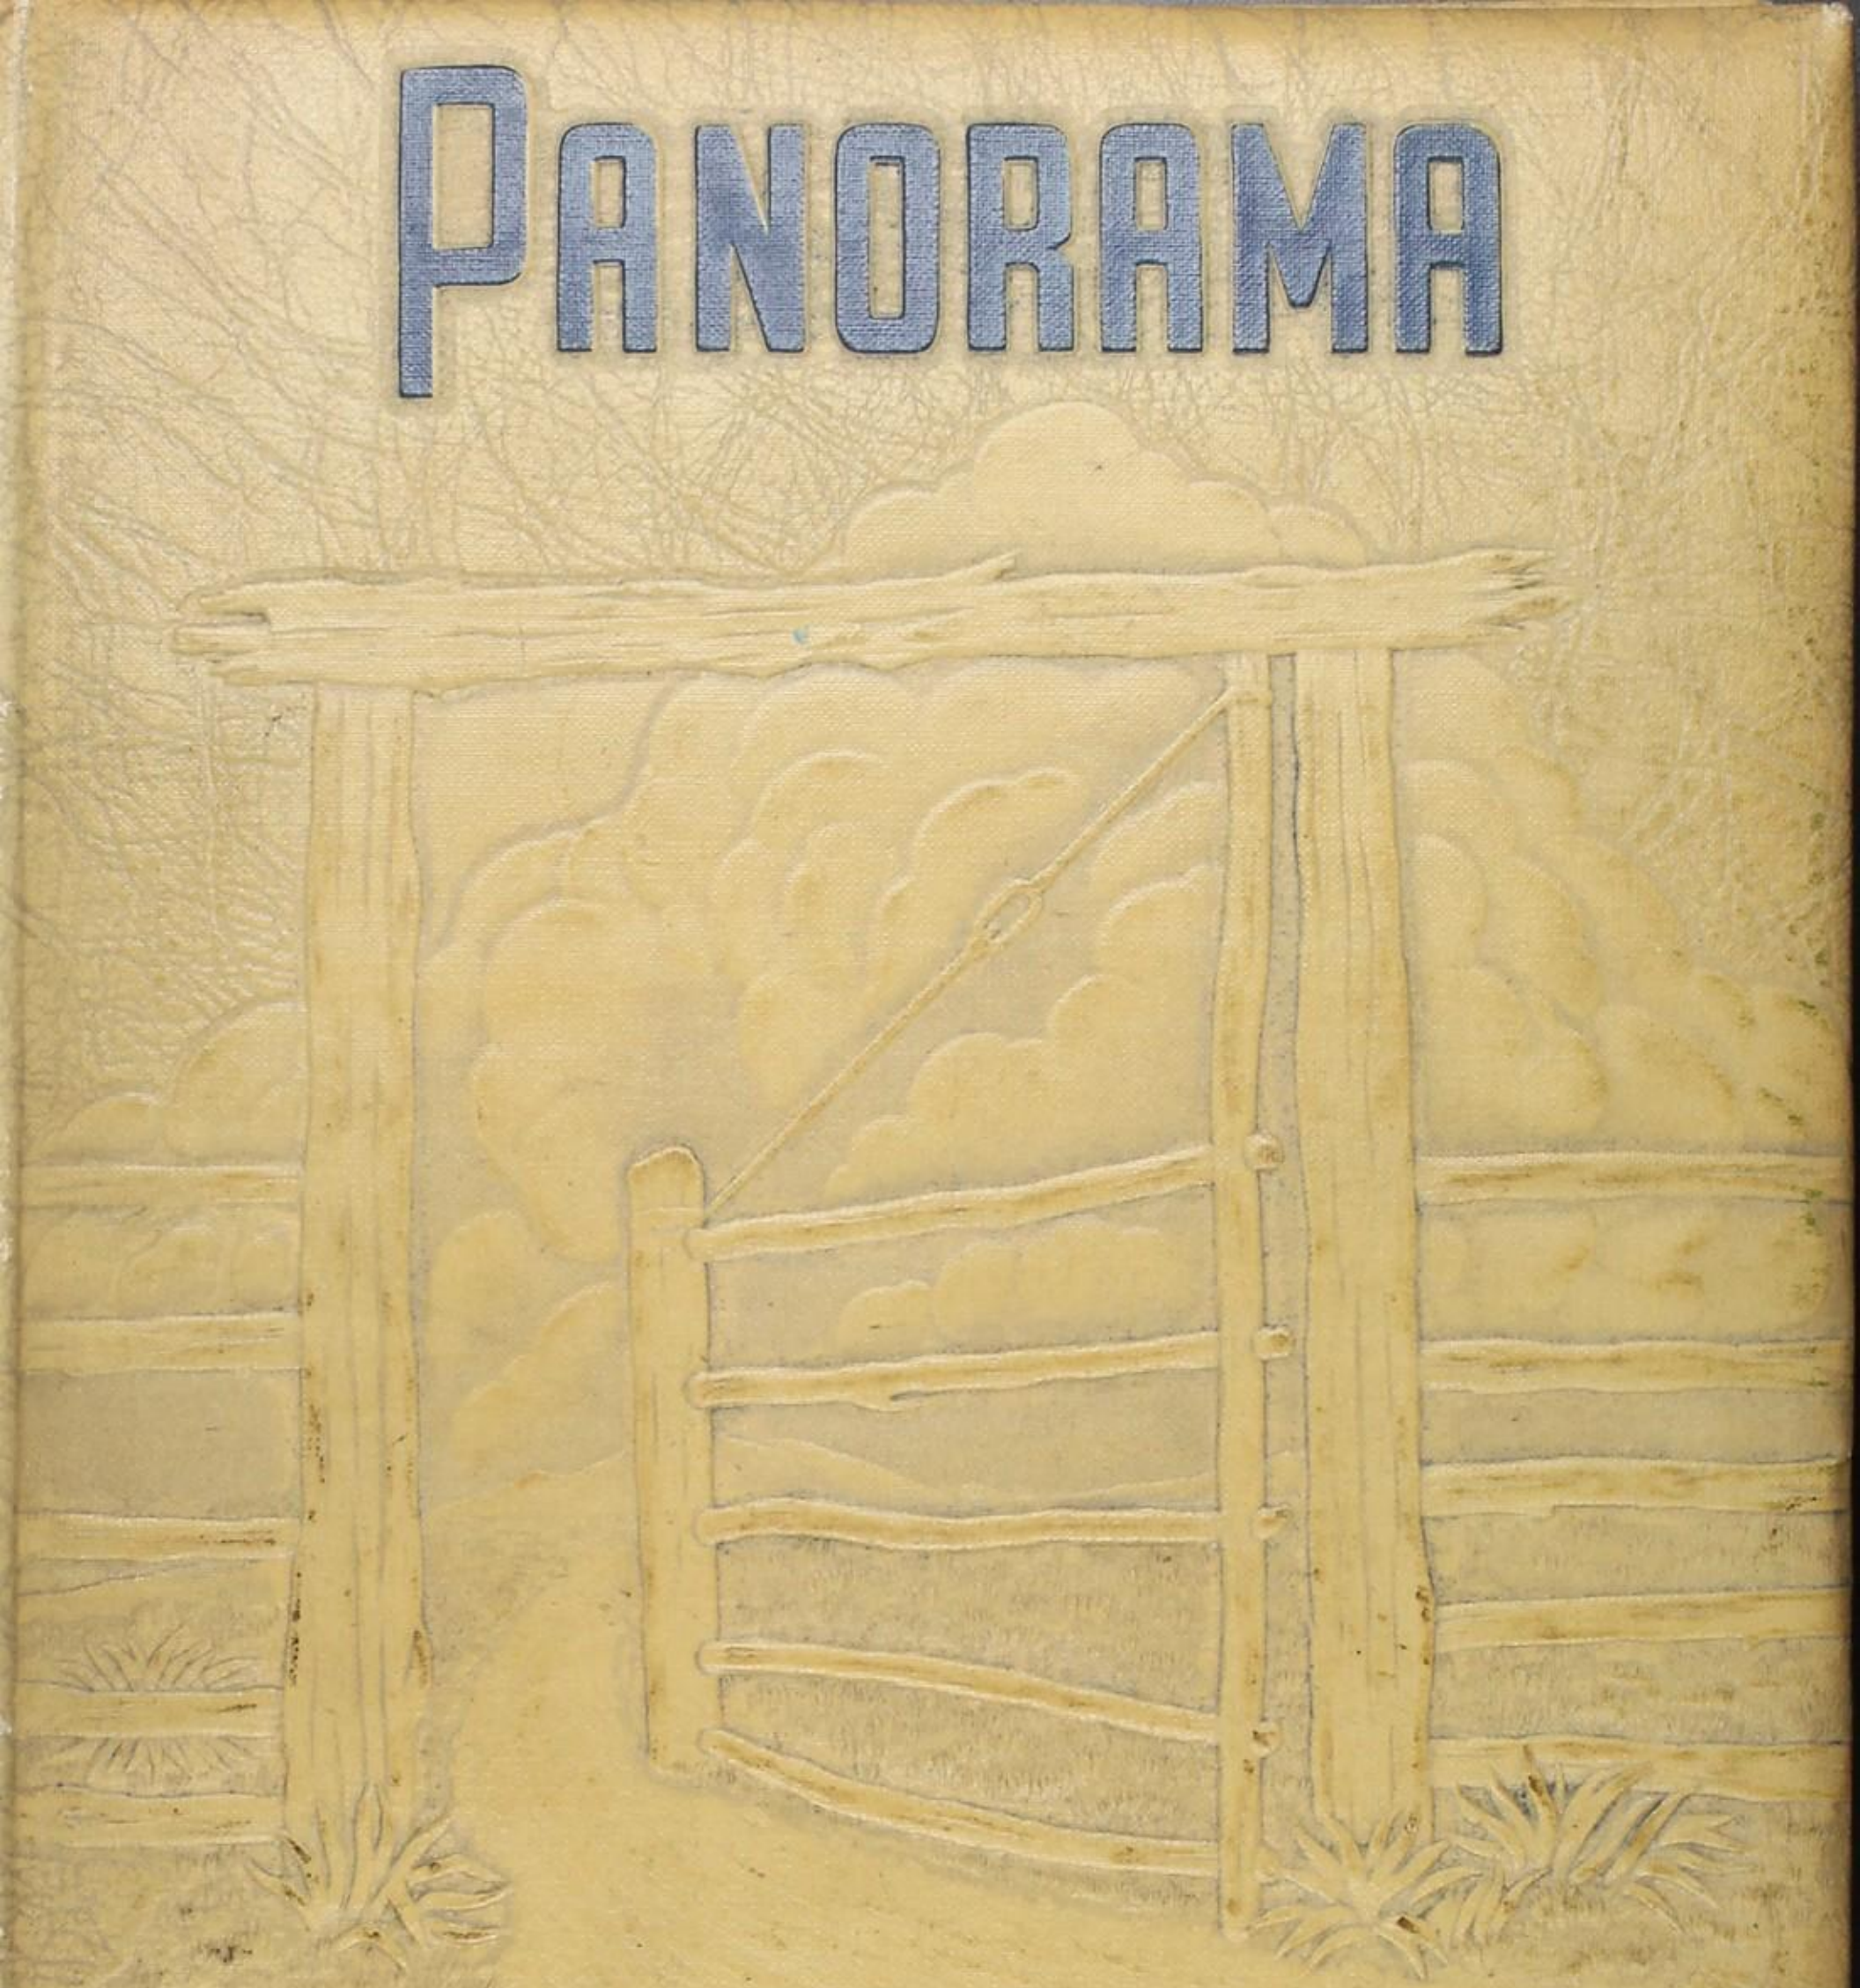
PANORAMA



1956

May 4, 1956

Dear Jean,

We sho' have had some good times this year. Remember our Latin class and all those Beta Club meetings. Do you remember our bulletine board Valentine? Always remember that safety pins follow "Frat" pins (Ha. Ha)!!

Jean, I hope you get the best of everything that life has to offer. Just think we're almost "Dignified Seniors!"

Love always,
Lucy Gramling

Jean T. Mabry

cont
that vodka is the best of all hard liquors.
Thanks for singing "Always Sar" with me.
All those jokes, dirty and otherwise, were a big help to me.
Thanks for giving me the courage to have "them red uns" taken.
I'm only sorry that I can't share your Jud with T B.

Jean.
I've really enjoyed knowing you there for I don't know how many yrs. I'll always remember the good times we had and Boone C. dragging you down the hall, while you screamed your head off. If you ever come home from Davidson maybe I'll see you around. Best of everything.

Ron J.

P.S.
Sometimes you make me want to. And someday ↓ might. I don't know if 20 years in jail would be worth it.

Don

Love and best wishes - I am expecting much of you!

Miss Southe

Best of luck to a cute girl. I have enjoyed being in Latin with you. I'll always remember the good (???) times we've had in Latin. Spurgeon Bud

Jean
Ted has been a pleasure being in class and Band with you
Bond Valen.

As long as I can remember you and I have owned me something. I am one of those days I'm going to collect. And it was with all my friends always remember the fun. I tried my might & main. I got rid of you Saturday & you happiness in the world. I got rid of you Saturday & you happiness in the world. Love from, Don Callia

Ont.
Next year don't forget your toast.
I learned many "valuable lessons from you on our many trips — for instance — what a "purple dress" is (on back)

Kenneth McAbee

Jean, I shall always remember you as a swell girl. I enjoyed Chem. class with you very much. I hope you have the best of luck in the future. Those horrible Physics tests were forgotten when you were here. The Physics Lab was a real pain. Best of luck to you and Bill, as always, as ever, May

Tom,

It has been so much fun getting in and out of trouble with. And raising — besides that I don't think my yrs. in High School would have been complete without yous. Hope for lots of fun in the future.

Love you

Jean,

As we always say "Its been fun" - and I know we'll have even more fun next year. I'll never forget all the times you've taken me home from school. By some means we usually took a detour. Remember the day we went uptown to have the hem let out of your dress! All in All we really had fun at the Jr.-Sr., didn't we? And getting ads for this annual, I'll never forget! You are a cute and sweet girl and I'll never forget you!

I'll never,
Janice

Jean,

We have really had a great time this year, with all the band trips and Band concerts, and preparing for our Band concert. The Jr Sr. really turned out so much better than I thought. I like you a lot, ever though we have had a lot of fusses. But of luck to you in the future.

Te amo, don't show that to "Bill".

Jean,

It really has been fun knowing you. I've enjoyed all the history, Latin, and Chemistry classes we have had together. I'll never forget those days we got out of class fixing my Campaign posters and also working on the Junior-Senior Banquet. It has been wonderful knowing you. Best of Love, Luck, Success, and Happiness to a sweet and cute girl who deserves it. I hope you are caught in a shower of Happiness without an umbrella. I'll never forget you.

Love,

Sarah Pittman
